

# PALLITE

## EcoLITE by PALLITE®

A COST EFFECTIVE AND SUSTAINABLE ALTERNATIVE TO POLYSTYRENE AND FOAM

A lighter-weight, lower-cost version of our innovative paper fibre board, EcoLITE's honeycomb structures are space-efficient, lightweight and pound-for-pound stronger than steel, affording them superior ability to protect, cushion and absorb shock.

Protect your goods from damages in transit

Design that's inspired by nature

Environmentally friendly replacement for foam and polystyrene

Circular by design and made from 100% recycled content

A flexible solution available in a range of sizes

A cost effective and sustainable solution

# EcoLITE by PALLITE®

Made from 100% recycled materials and fully recyclable after use.

## Our standard sizes.

Our EcoLITE board comes in five standard sizes:

1200mm x 1000mm

2440mm x 1220mm

3050mm x 1220mm

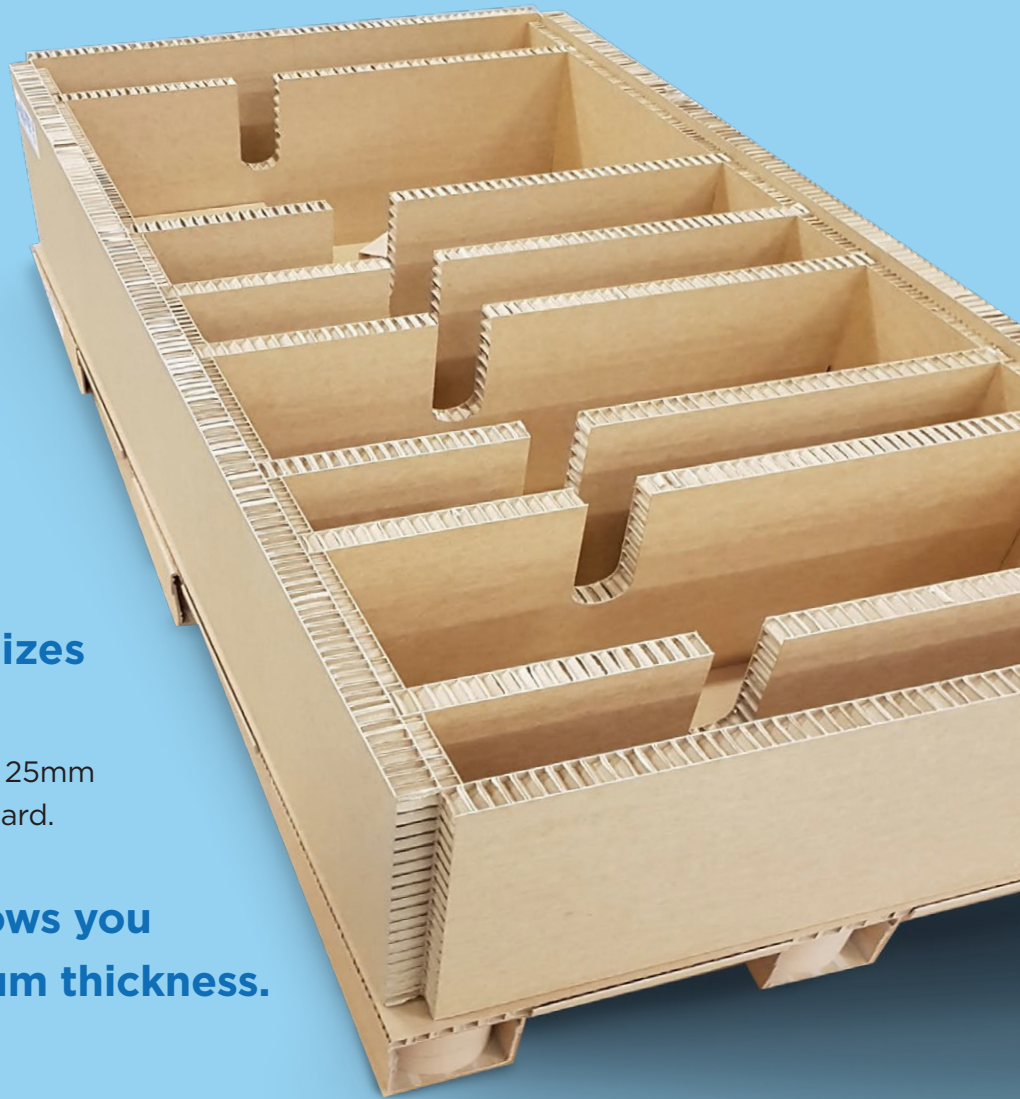

2000mm x 1200mm

400mm x 330mm

## Available in custom sizes and cut to shape.

EcoLITE comes in 15mm, 18mm, 25mm and 50mm thicknesses as standard.

## Layering EcoLITE allows you to create your optimum thickness.

## Care more for your environment.
